

Radiologic Technology Program Application Checklist (ALL FORMS AND DOCUMENTS DUE FEBRUARY 1ST)

APPLICATION REQUIREMENTS for ALL APPLICANTS :

Apply to the Holyoke Community College Radiologic Technology program, please complete the separate online application

Complete the mandatory Radiologic Technology Information Session no more than one year prior to the application deadline. It is strongly recommended that you complete the information session early to ensure you have the most up-to-date application requirement information.

Submit the Radiologic Technology Program Requirement Acknowledgement Form.

Submit Healthcare Employment Verification Form - required of all applicants

Proof of completion of HCC Intermediate Algebra (MTH 095 or MTH 014) OR proof of eligibility for HCC College Algebra (MTH 104) via the approved HCC placement methods

Proof of eligibility for HCC ENG 101.

Proof of eligibility for HCC BIO 217

Official transcript showing satisfactory high school completion or its equivalent, (GED/HiSET transcript). Students must submit the OFFICIAL FINAL TRANSCRIPT- copies will not be accepted. Where necessary, In place of transcript a certified copy of your diploma may be submitted. Secondary education completed outside of the United States requires submission of a certified equivalency from an approved credential evaluation agency (see NACES.org for a list of approved agencies - please request a course-by-course evaluation). We cannot accept a university credential in place of the high school/secondary transcript

Official college transcripts from ALL colleges and universities attended.

This checklist serves as a reminder of the applicant's responsibility prior to the February 1 deadline and assists with the application process. All forms and steps listed above must be completed.
